THE NORTH CAROLINA
STATE LIBRARY

FOREWORD

Under Section 7310(d) of the *Labor Laws of North Carolina*, the Department of Labor is required to publish an industrial directory on North Carolina. In accordance with this requirement, we submit the following directory with the hope that it will be beneficial to all persons interested in the industrial development of our State.

A charge of one dollar for this list is necessary to cover the expense of publication.

FORREST H. SHUFORD
Commissioner of Labor.

EDITOR'S NOTE:

In the compilation of this directory an effort has been made to include every manufacturing establishment in North Carolina. We would appreciate any omissions being called to our attention.

The directory lists all firms twice. In the first listing the firms are arranged alphabetically by industry within each of the counties of North Carolina. The city given is that within which the establishment is located. The number of employees represents total employment of the establishment on June 16, 1944.

The second listing records the firms on a State-wide basis alphabetically by industry. In this list the city given is the mailing address of the establishment. The county shown is the county location of the plant, thereby providing a cross-reference to the first list, if needed.

It must be remembered that certain industries are of a seasonal nature (canning, tobacco stemming, etc.) and therefore the employment on June 16 may not be truly indicative of the size of the establishment.

There are a few instances in which no employment figure is given for a particular plant. This occurs only in the case of multiple plant firms that failed to furnish a break-down of employment, in which case the employment reported for the main plant actually represents the total employment of all plants.

ADDENDA

(Mills and corrections received too late for insertion in regular places.)

FOOD & KINDRED PRODUCTS

	<i>City</i>	<i>County</i>
Arcadia Co., Inc.	Charlotte	Mecklenburg
Barq's Bottling Co., Inc.	Winston-Salem	Forsyth
Canada Dry Bottling Co. of Charlotte, Inc.	Charlotte	Mecklenburg
